

FRENCH TABLE

This beautiful French Handmade Table is constructed in solid wood and has arched sides and octagonal shaped legs. The table is manufactured to the highest standards, with a precision ground Italian slate bed to guarantee a flat playing surface and has genuine English moulded leather to cover the pocket plates. This style of table was originally manufactured in France around 1890 and will still add an elegant style to any room today. The table is polished to a high quality durable finish in a choice of colours and also has a range of cloth colours to choose from.
